

DIPLOMA OF DENTAL ASSISTANT

The Diploma of Dental Assistant program is competency-based program, designed to provide students with comprehensive theoretical and practical training in dental assisting. The diploma program spans over one years, with 72 Credit Hours. Our curriculum is specifically designed to focus on the development of essential competencies required in the dental assisting profession. With state-of-the-art technology, excellent infrastructure, and highly qualified staff, our college and dental hospitals provide an optimal learning environment for students to acquire the necessary professional attributes and skills. We look forward to welcoming aspiring dental assistants and shaping their careers in this rewarding field.

A dental assistant career offers you the opportunity to play a critical role in a busy dentistry environment. Dental assisting is an ideal career path if you:

- Like working in one-on-one settings
- Possess excellent communication skills
- Can juggle a wide range of responsibilities.

Dental assistant responsibilities include providing chairside assistance to dentists and hygienists during dental procedures and performing clerical duties, such as scheduling patient appointments.
